Dear Parents,

Your child will soon be embarking on a great adventure. At Echo Hill Outdoor School (EHOS) he or she will be living close to nature, experiencing and learning about our environment and our place in it. With over forty-five years of experience, we believe our curriculum of outdoor education, which emphasizes learning by doing, complements and enriches classroom learning. EHOS provides students with a unique opportunity to explore the marvels of the natural world while living closely with their peers.

Echo Hill Outdoor School, located on the Eastern Shore of Maryland, is an ideal setting for an outdoor laboratory. The school's 242 acres of forests, meadows, and freshwater shrub swamp borders a mile of sandy beach on the Chesapeake Bay, inviting a wide variety of environmental studies. A multi-faceted adventure challenge course presents individual and group initiatives aimed at building and enhancing confidence, self-esteem, and cooperation. Whether winding their way through the swamp, investigating the Bay's ecosystem on one of the 40-foot lab boats, or facing a challenge on the adventure course, the students are closely supervised by teachers fully qualified in experiential education.

During their stay, the students and teachers will be living in climate-controlled dormitories with full bathroom facilities. Bunk beds and mattresses are provided.

All the meals provide a nutritious balance of good food prepared "Eastern Shore Style." These delicious meals are served family style and facilitate healthy socialization. Some meals may be cooked outdoors by the students and teachers.

Echo Hill Outdoor School's safety record is excellent. The teachers are trained in American Red Cross First Aid and CPR. All waterfront activities are supervised by American Red Cross certified lifeguards. Should a student require additional medical attention, the school's physician, Dr. Frederick Delboy, is on call at Chestertown Family Medicine. University of Maryland Shore Medical Center of Chestertown is the nearest hospital located twelve miles away.

The attached health and registration form must be filled out with the authorization signed by you. The suggested clothing and equipment list has additional important information. Please be sure you review this list with your child.

I hope I have answered some of your questions. Please keep this sheet handy for your own reference.
